

MOGAS DURAMAX EXTRA 25W-50

Heavy Duty Diesel Engine Oil For High Mileage Vehicles

Description:

MOGAS Duramax Extra 25W-50 is high technology diesel engine oil particularly efficient in modern as well as older engines of commercial vehicles operating under various operating conditions especially those that have attained high mileage and experiencing worn-out engine condition.

Application:

For naturally aspirated and turbo-charged diesel engines working in both highway and off-road driving conditions. Particularly suitable for engines that have attained long operating hours and have begun exhibiting excessive wear.

Specification and Approvals:

Meets API CH-4/SJ specification

Benefits:

- Extremely good performance oil due to outstanding detergency and dispersancy levels, inline with API CH-4 deposit control requirements for engine cleanliness.
- Superior wear protection ensuring engine longevity, including for turbocharger or supercharged engine technology, thus reducing need for expensive repair costs and vehicle downtime.
- High tolerance to fuel dilution and high oxidation stability enables excellent control of blow-by combustion gases, thus preventing power loss, smoke emissions reduction and unwanted oil consumption.

Health, Safety And Environment:

This product, when used as per our recommendation for the intended application, is not expected to produce any particular risk. A Material Safety Data Sheet of it is available upon request from our local sales contact office or on our website. In case of used oil disposal, please respect the Regulations for protecting the environment.

Typical Characteristics:

Test Parameters	Unit	Test Method	Mean Values
Grade	SAE		25W-50
Viscosity at 40°C	mm ² /s	ASTM D 445	190
Viscosity at 100°C	mm ² /s	ASTM D 445	20
Viscosity Index	-	ASTM D 2270	120
Total Base Number	mg KOH/g	ASTM D 2896	8.0
Pour Point	°C	ASTM D 97	-18
Flash Point (COC)	°C	ASTM D 92	230
Density at 20°C	Kg/m ³	ASTM D 1298	878
